## ABOUT ME

A determined individual who is able to work under pressure and strictly follow deadlines. A good team player with great leading and communication skills with more than 9 years in web development and design experience. My passion is to convert beautiful designs into working code. I always pursue my ambitions, draw on my knowledge and further develop my design and developer skills.

## EXPERIENCE TIMELINE

2008 - PRESENT

### Styler Ltd. - Sliven, Bulgaria

#### Self-employed Web Front-end Developer & Designer

- Previous employers, national and international companies continue to entrust me as a freelance web developer for their challenging web projects. Being a successful freelancer implies excellent managerial skills, tasks and time scheduling and quality products & services.
- I produce my own code (facebook apps and WordPress plugins) and design products (design sets and fonts). Managing my own products expanded my knowledge in the field of marketing.
- I worked on 30+ websites, 15+ facebook app, 2 flash games, 5+ logos, 5+ packaging designs, 100+ banners etc. on projects such as EEA Grants for Bulgaria (eeagrants.bg), vivacomfund.bg, vivacomarthall.bg, blog.serdikacenter.bg, elixir-essentioils.com, Credy Network (credy.cz, credy24.pl, credy25.sk), thesilkcompanytrading.co.uk, marado.bg, femem.clothing and many more.

DEC 2013 - JUNE 2016

### National School of Arts - Sliven, Bulgaria

#### Teacher of IT, Informatics, Computer Graphics

- Teaching students between 14-19 years old in native skills, basic IT and various graphic and art design software such as Photoshop, Illustrator & InDesign.
- Also responsible for updating and managing school's website and Facebook page, managing ministry administration software, creating diplomas for graduates etc.

2009 - 2012

### Broks Vision JSC - Sofia, Bulgaria

#### Web Developer & Designer

- Is a small company specialized in PR and Digital Design.
- My responsibilities were front and backend development, creating prototypes, design, Facebook applications, games and interactive rich media banners.
- I worked on projects such as praktiker.bg, expotech-bg.com, hotelpopangelov.com among others

2005 - 2007

### **New Internet Technologies Ltd. - Sofia, Bulgaria** **Junior Web Designer & Developer**

- A small 10-15 employees company with wide range of clients such as local & International companies, Banks, Municipalities, Ministries, Funds, Governmental Agencies, Schools, Museums, Galleries. The company creates different kind of software and websites for its clients.
- I joined the team as a student worker with the responsibility of designing banners, brochures, site layouts, frontend with HTML, CSS, basic Java Script, and content entry.
- I contributed to an education website, five municipality EU Phare project websites, 5 company websites, 2 logos, many brochures and flyers, and banners.
